Dear Mamma.

I want to describe that bam in Glastonbury which used to belong to the Abbey in my essay for Wednesday. But I can't remember whether it was made of wood or stone do you suppose you could look up in the Baedeker about it and write to me. I don't know whether you can get it here or not. But I want to describe it badly. Will write a long letter tomorrow. Lots of things have happened. We are going to West Point this afternoon to see the Yale West Point Game. Mrs. Peltou is going to take us.

Ruth.
