

Vassar, June 6(?) - '94.

Have just a minute before breakfast bell is going to ring to write you just a line. Have two exams to-day, and then four of the six are over. The old girls begin to come back to-day and things will be lively at the end of the week. I am well, and trying to keep rested. We don't have to study very hard this week you know. Cousin G. sent me a paper yesterday- Will send the clippings. There's the bell so good-morning.

Very much love from
Yours Nett.
