

Such a tragedy has happened to me. I have lost all the notes I have taken for my hist topic in some way. And I haven't time to take them again. I have got hold of most amassing old things. Once I donut that my gentlemen was "very sick of the survey from eating bad pie". Isn't that ridiculous. It is a beautiful day. And I m bat to go down to the washer woman and get my blue cheviot. I hope she washed it well. R.M.A.
