

I knew there was something I wanted to say that I couldn't think of. I should love to have you make an [?] down [?]. Light blue you know I can't get a pattern. There is one here that has not fullness gathers. I mean on the shoulders at all. The pieces are shaped to bring in the fullness with a circular band around the neck which does not turn over. Make it abt 53 ins down the front from the shoulder seam. I will get that corset cover pattern now.
