

Well I am thankful to say my work is over for one more week. It does pile up terribly at the last with 5 on Friday. I know my history topic was dreadful. I trust I can do better next week. Please tell me how much its maple sugar was around was it 8. There was something else I wanted to ask and I can't remember what. The sleeves to my blue flannel waist are miles too short and very uncomfortable. What can be done? R.M.A.
