

I have just got your letter and one from Frances. Tell her I was delighted to hear from her. I am in despair about Theophilus. I can find nothing about him. I think I shall have to go in town and use the Po. Library. What are the (?) for the pillow? I think they are lovely. For goodness sake what do you expect (?) mother? You and she didn't arrive I didn't know there was any chance of it. R.M.A
