

[Sept. 26, 1911]

Yes, Mother, I'm going to purchase some stationery in the near future. I have my schedule of classes all arranged and have registered for piano - lessons; expect to meet Miss Chittendon Wednesday to decide upon the time. Went out for hockey today and nearly boiled - came in and bathed and took a nap. Am religiously dosing myself with the cough-dope and sarsaparilla.

Have been over at the Club house with Miss Paine all evening, helping her entertain.

Dot. Smith's mother is here - expects to stay till Saturday.

Bought a very good - looking screen from Ruth Cutter for \$2.00 and books amounting \$2.54. Expect to be obliged to cash out \$3.20 for two Economic books tomorrow! Whew! Did anyone say class ring? Not, out of that V anyway! Sorry I haven't time to write more. My curtains are up substantially. Love to all
