

My dear Stella

Yours of Thursday has not yet come. I had a fun time today. My golf was so much improved that I played 36 holes + was not a bit tired when I finished. It was warm and delightful. Fan went to the horse with Harker who left tonight. She is waiting for me to take her into the ball room to [rubber] [a ] She has her "pretty" dress on and looks very sweet. She [mixes] well; meets

people graciously + [converses] nicely. The hotel is filled; no other porch room has been vacated so we are not yet transferred. Ours is noisy.

Fannie [rd] a letter from your papa - he [writes] as [Blanche] [Kler] says he looks - better. Tomorrow is Sunday - I hope you don't have too big a day. Love from both of us kisses too

Marcus
