

My dear Stella

This was a great day; I took a dose of oil last night with the usual result. I felt about 30 years younger. Wintringer + I played 48 holes. Fannie played 18 with us + played beautifully. [Believe] me that that lad will [deo ] into a real golfer. Its a pleasure to play with him; with a little practice she will [gwy] anyone a good match. Before she leaves here, I predict she will be able to beat 75% of the 700 players here, men or women. Yours of Saturday came today. I am glad to hear about the half day rest. Keep it up + dont [overdo] the other half. Love + kisses - I just read

Fan's letter. I cant vie with her as a correspondent.

Yours, as always

Marcus
