

My dear Stella

In order to get this to you on Sunday, I am writing now with stiff fingers. We just came in from our afternoon round + had a bully time. Slept well in our new room; had 11 holes + [durded] an [hrs] lesson with Fan. [lusecle] + 18 holes. Picked up two Putts [bigen] whome Fan + I [hicked]. It was a fine day. I had Dr [Becht] call a meeting of the State Board for Monday the 17th; Fan will go with me to Harrisons Sunday night + either will go home from there on the M train Monday or go with me to Phila in the early afternoon if I go there - provided Lester will come over then to meet her. If it suits him do you approve or shall I

put Fan on the train at Harrisburg + tag her for East Liberty. I am [letting] Fannie play [so foursome's]. It gives her confidence. She is fine. My throat is [much more] night than at home. Love kisses.

Marcus
