Dear Mother, Your postcard from Charleston [rec'd].

I promised Helen P. to go coasting now, so I'll [worth] letter later in the afternoon.

The history exam was very unusual + very surprising. Eight quotations from contemporary sources were given, + we were told to expound (a). the forces making for unity in church, state, + society as shown in them (b) forces making for [disregion] as [.. ..] Ex-citing. The strain is over + I feel done up a good afternoon's exercise + night's sleep will fix me up. Father is coming back with me tomorrow night. I reserved a room at [Inn] Sons to [Sup's salt].
