

My dear Stella

I had a fine sleep on the train. I feel good. Spoke to Bessie. All well with her. Also talked to [Hugo R.] Aunt [Pauline] is better. He is so [anxious] to see me that I must try soemhow to arrange it. It is more pathetic than flattering. Well meet [Earrickkoo] in a few minutes after paying a farewell visit to Mr. [Dessions]. No [boon] from you yet but it will no doubt come later. It did not come to 320 We have attended to everything. Fan does not feel the worse for her [treatment]. No [improvment] since last [treatment] but no worse. [It send ms] to a Doctor who took a

blood last + will send [it] to [EG.]

Fan is in fine spirits. We both conclude it better for her to use the park and to mix with the other girls so I will [probably visit] the blance of the family - Love

Marcus
