

Dear Father,

The reading of "Electra" last night was fine, ex-cept that it took up the whole evening.

I don't know what is the matter with me - I am not working nearly as much as last year semester. I think the infirmary treatment is going to help me, although it takes two hours every day.

I had a letter from my Soph. friend at [Wellesley]. The [poor] kid certainly does dislike the place - and she is well, too. She wants me to spend a week-end with her. If I did not have to chase to N.Y. all the time, I certainly would. I'd like to see the place.

Mad A - in the math quizz, That seems to be my standard grade.

[Zej] will be busy friday.

Love, Fannie
