

December 14.

Dear Mother,

We lost 2-1, but it was a wonderful debate. But now that the strain is off, I feel my fatigue and I realize the huge am't of work I have before Friday.

Get Miss Alice for a few days if possible. I don't know what there will be, but you know how things always turn up. I wrote this in your pet class - shocking!

Love

Fannie

You asked about a yr ago about [Cuden]. My teeth feel all right, but he wanted to see them.
