Dear Mother, Father, and Pete:

Thanks for the .telegram, Petex

I had a night-letter from Henrietta today informing me that she was ooming Bast with her Father Monday night and that she would come up here "the middle of the week for the week-end" if convenient. I wired her to come and let me know her plans more spedifically. That will give me a good incantive to get my work done before then. There is no reason for letting it drag on the way I have lately.

I had to go off-campus for supper with Jeannetie F. last night. She surely likes me. It is a joke.

I had a card from Pauline L. this morning. Gaisolyn Bailey is coming over Äor dinner Thursday even-

That is all the exciting news I know.

Love,

FanAie
