

May 5, 1921

Dear Mother, Father, and Pete:

We had regular wintery weather last night and it has been pouring all day.

The result of our elections of next year's officers was announced last night. The president, Louise Zabriskie, hails from North; the vice-president from Lathrop; the secretary, Sylvia Woodbridge whom you probably remember, Mother--you told me her mother taught in the biology department while you were here--from North; and the treasurer, Betty Cannon, who was one of our class debaters, from Davison. Betty was also elected head of Speakers' Bureau by the college. She asked me to be on Speakers' Bureau committee for next year. Exciting!

I shall have to spend the whole afternoon and evening studying chem for the written tomorrow.

Love,

Fannie
