

June 4, 1921

Dear Mother, Father, and Pete:

I finished studying for Spanish this morning. I have all of English, Chem, and about half of Ec still ahead of me. I will be glad this evening when one exam at least will be behind me. I am looking forward to Miss Salmon's exam this afternoon with a good deal of curiosity, but not particularly, or pleasure.

I shall have one exam in cool weather, anyhow. It is a wonderful day.

Nothing of particular interest to report.

Love,

Fannie
