

Dear Father + Mother:

Sorry I can't write anything but a card today. I am going full speed but not cutting down on sleep + fresh air.

Last night was very hopeful. [Here's] hoping Sat. night is successful!

Certainly I would rather be with you at Thanksgiving time if you are in Atlantic, but it seems to me that you ought to go it easy on hotel food. However, you know more about it than I do.

Love,

Fannie
