

It looks as though we shall have a Jewish debate at Barnard!
[Bish + Doty] will be somewhat out of place!

I certainly had a queer reaction + a varied one to the news about Aunt Hattie. I never was quite so surprised - but I have no time for comments. The important thing is that she should be happy, and I do hope she will be - she certainly deserves it if anyone ever did. Where should I write to her?

Love,

Fannie
