

Dear Mother + Father:

Was down town yestes-day aft. Am extremely busy getting settled. My trunks are here + unpacked - I just helped a man lay my rugs, + I just got my curtains up. how all is attended to but the [yale] lock. I think I shall have to invest in a window seat. it looks punk this way - also window shades. Had a letter from Aunt Bessie inviting me for [y kip]. I think I know who instigated it! As long as I'll probably be away with you the follow-ing week-end or the one after that, I think I'll stick on the job. Will write a letter tomorrow.

Love

Fannie
