Administrative History

The Associated Alumnae of Vassar College (AAVC) was formed in 1871. The name was changed in 1970 to Alumnae and Alumni of Vassar College to reflect the institution's acceptance of male students. It has always been an independent organization, rather than a department of Vassar College. The purposes of the AAVC include raising money for scholarships, providing a network of support for students after graduation, and enabling the exchange of information between the college and its graduates.
