I have received from your Father the President of the United States,
complaint against you for disorderly conduct toward your neighbors, in
committing depredations and violence over the boundary line, on
British subjects. – Brothers, ill health prevents me from visiting you
in person. The bearer of this letter is my son. – He will communicate
to you the wish of your father the President. – You will please attend
to his communication, and acquaint him with all the facts and
circumstances in relation to the difficulties that exist between you
