

Can June 12 0 1814

Dear Sir,

I have received your two letters of the 7th inst. & calculate on the pleasure of meeting you with your Red Brethren at Auburn on thursday next. It is however possible that we may not be in until friday morning, as Capt St... is extremely anxious to appear in uniform, which may not be completed in time for us to leave this before Thursday morning.

I enclose you an order for provisions which I wish you to show to all the public agents on the road, as well on account of the Volunteers as of the Indians. If no public provisions are to be had, you are authorized to engage to any gentleman who will undertake to make the supplies, that he shall be paid the contract price, an sending his vouchers to this place or Buffaloe.

In haste yours sincerely

P. B. Porter
