

Princeton, New Jersey  
August 11, 47

Mr. Richard Grossman, M.P.  
House of Commons  
London, England

Dear Mr. Grossman:

... The purpose of this letter is to introduce to you one of my closest friends, the distinguished economist Dr. O. N. of NY, one of the most honest seekers for truth I ever met personally. Being himself a socialist Dr. N. has undertaken to write an analysis of the economic methods and achievements of the present British Government. I am convinced that his investigations will be of theoretical and practical value and that you will enjoy a conversation with him.

A. E.
