

Canadagua June 7th, 1809

Sir

It having been represented to me by you that the Standard presented to the Ontario Troop of horse formerly commanded by me, was claimed by both the Canadagua & Bloomfield Troops, and that my Opinion on the Subject was wish'd for by the officers of both Troops, I can have no hesitation in saying that I consider the Standard in question as having been presented by Capt Johnston to the Canadagua Troop to whom in my opinion it now belongs.

I am with regard

Yours

Thomas Morris
