

that the United States had borrowed our money and paid us yearly Six thousand dollars – We should be grateful for information respecting the State of our money – We should rejoice when we hear from our Father again to hear that our money was again in the Bank --

Father,

We hope that you will not be impatient at the multitude of our word our minds were uneasy, we could find no rest until we laid open our hearts to our Father – he will take pity on us, and see to all our interests – may the Great Spirit preserve our father many years a blessing to all his children.

Young King - would desire through his Father, the President of the
United States to express his grateful acknowledgements to the
Government for the Pension they were pleased to settle upon him in
consequence of wounds received during the late War, that he has
understood it was to be paid Quarterly - he would inform his Father
that he has received only three Quarterly payments, that he nor any of
his friends have been able to find the road by which he might avail
himself of his Money in this way.

He would thank his Father to point out a way in which he may in future
receive his money, agreeable to the act of Government.

At the Special request of Young King
